## Paint Proposal

Date:

Premises Address:

---

Residents:

---

Painting of the property is not permitted without prior written consent. This form is provided to help make your request clear to management and the owner.

What area(s) of the property are you requesting to paint?

---

What paint do you plan to use (brand, sheen, color)?

---

Will you be doing the painting yourself, or hiring it to be done?

---

If you will be hiring someone to do the painting, who do you plan to hire?

---

If you will be doing the painting, what steps will be taken to prevent/address drips or over-painting onto unintended surfaces?

---

Are you willing to repaint the original color upon move out, or are you only interested in painting if you can leave it upon move out?

---

Would you be willing to pay a deposit to cover potential damage done during painting (such as paint getting on wood surfaces/cabinetry, cement, ceilings, carpet/flooring) that will need to be corrected upon move out? Note: This also includes correction of uneven paint lines (like where painted wall meets the ceiling or transitions to trim or a wall of another color).

---

Please attach color swatches/cards to this request or provide links to where this color can be viewed online.

After this form is submitted, you will receive a written response regarding your request. Supplemental information may be necessary before a final decision is reached. Phone conversations may take place, but approval is not official until it is put in writing.
